General Index of Financial Information (GIFI) for Corporations

RC4088(E) Rev.09

Canada

Is this guide for you?

All corporations—except for insurance corporations—can file using the General Index of Financial Information (GIFI). For more information, see page 5 of this guide.

This guide provides general information and explains how to use the GIFI.

What's new for 2009?

For corporations using international financial reporting standards (IFRS) when preparing their financial statements, see Item 3580, "Accumulated other comprehensive income," to report shareholder equity on the balance sheet and Item 9998, "Total-other comprehensive income," to report extraordinary items on the income statement.

Use Item 9998 to report revenues, expenses, gains, and losses that are recognized as comprehensive income, but are **excluded** from net income.

My Business Account

You can now transfer payments and credits from one interim period to another interim period or to an amount owing within the same account. You will be able to see the results immediately, including up-to-date account balances and interest, if applicable. Go to the "Account balance and activities" service to access the "Transfer Payments" option.

To learn more about the growing list of services available in My Business Account, go to **www.cra.gc.ca/mybusinessaccount**.

My Payment

My Payment is a new payment option that allows individuals and businesses to make payments online, using the Canada Revenue Agency Web site, from an account at a participating Canadian financial institution. For more information on this self-service option, go to **www.cra.gc.ca/mypayment**.

If you have a visual impairment, you can get our publications in braille, large print, etext (CD or diskette), or MP3 by going to **www.cra.gc.ca/alternate** or by calling **1-800-959-2221**.

La version française de cette publication est intitulée RC4088, *Index général des renseignements financiers (IGRF) pour les sociétés*.

General Index of Financial Information (GIFI)

As a corporation, you have to include financial statement information when you file a *T2 Corporation Income Tax Return*. When you use the GIFI, you do **not** have to submit your financial statements with your return and schedules. The GIFI is an extensive list of financial statement items, where each item has a unique code (for example, cash is 1001).

You can find a complete listing of GIFI items and their codes in Appendix A on page 12.

When do you use the GIFI?

Use the GIFI to submit your financial statement information for both paper- and Internet-filed returns.

For more information about our Internet filing service, go to **www.cra.gc.ca/corporation-internet**.

How do you use the GIFI?

The GIFI is available as part of tax preparation software programs certified by the Canada Revenue Agency (CRA). It is also included in some utility programs that allow you to import information from an accounting software program to a tax preparation program. If you do not use tax preparation software, see "What is the GIFI-Short?" or "What are GIFI schedules?" on this page. Once you choose a GIFI code for each item you report on your financial statements, only the item code and dollar amount will be included on your return.

What level of detail is required with the GIFI?

The CRA needs the same level of detail with the GIFI as it used to need from traditional financial statements. For example, if your corporation's financial statements include 40 items such as cash, accounts receivable, total assets, sales, cost of sales, income taxes, and net income after taxes, we expect that same number of GIFI codes. There is **no** minimum number of GIFI codes needed for your return to be accepted. We need as many GIFI codes as it takes to represent your corporation's balance sheet and income statement in their entirety.

Note
While you must retain the working papers you use to show the accounts or sub-accounts, which make up a financial statement item, you should **not** submit them when filing your return.

What is the notes checklist?

The notes checklist is a short set of questions designed to determine who prepared the financial statements and the extent of their involvement, and whether they expressed any reservations. It also identifies the type of information contained in the notes to the financial statements. Complete the notes checklist that is included with the GIFI.

What about notes to the financial statements?

Submit any notes to your financial statements with your GIFI information. If you file electronically, you can include the notes in text format with your transmission. If you file a paper return, include a paper copy of your notes.

For more information on the notes checklist and the notes to the financial statements, see pages 7 and 8 of this guide.

What is the GIFI-Short?

If you do not use tax preparation software, and have both gross revenue and assets of less than one million dollars each, use the paper version of the GIFI—Form T1178, *General Index of Financial Information–Short*. You can choose from about 100 commonly used balance sheet and income statement items. Also included is a separate selection of income statement items that can be used by farming corporations.

What are GIFI schedules?

If you do not use tax preparation software or the GIFI-Short, you can use the GIFI schedules. Schedules T2SCH100, *Balance Sheet Information*, T2SCH101, *Opening Balance Sheet Information*, and T2SCH125, *Income Statement Information*, provide spaces in a column format for you to write in your GIFI field codes and corresponding amounts. Schedule T2SCH141, *Notes Checklist*, is for completing the notes checklist.

Where can you get a copy of the GIFI guide with the GIFI list, the GIFI-Short form and guide, and the GIFI schedules?

Get this guide with the list of GIFI items, the GIFI-Short form and guide, and the GIFI schedules at **www.cra.gc.ca/forms** or by calling **1-800-959-2221**.

General information

Who can use the GIFI?

All corporations—except for insurance corporations—can file using the GIFI.

Insurance corporations

The GIFI does not currently meet the reporting needs of insurance corporations involved in underwriting (life insurers, deposit insurers, or property and casualty insurers). The GIFI does not include items specific to the insurance industry. You should continue to submit a paper copy of your financial statements with your T2 return and schedules.

Non-resident corporations

You can use the GIFI when you report in unconsolidated Canadian funds. Do **not** use the GIFI if you are filing under section 115 of the *Income Tax Act* only because you disposed of taxable Canadian property or because you are a treaty-based exempt corporation.

Partnerships or joint ventures (also co-ownerships and co-tenancies)

Use the GIFI to report your own financial statement information, but not the financial statement information of partnerships or joint ventures you may be involved in.

For paper-filed returns, send financial statement information for a partnership or joint venture, with your return.

Note
You may be involved in a partnership that is submitting an *Information Return of Partnership Income*, T5013SUM, *T5013 Summary*, which includes a T5013 Schedule 100, *Partnership's Balance Sheet Information*, and a T5013 Schedule 125, *Partnership's Income Statement Information*, which use the GIFI format. You should include these schedules, or the partnership's financial statements used to complete them, with your T2 return.

For returns filed using the Corporation Internet Filing service, send the financial statement information for a partnership or joint venture to your tax centre. Include a cover letter with your name, your Business Number, and your tax year-end. Identify the financial statements attached as those of partnerships or joint ventures in which you have an investment. Ask that these statements be included in the file of your corporation.

Inactive corporations

If your corporation is inactive (you answered **yes** at line 280 of the T2 return), but you have balance sheet or income statement information to report, you can use the GIFI to file this information.

First year after incorporation

You may be filing for the first year after incorporation. If so, complete two balance sheets: an opening and a closing. If you are not using a software package approved by us to complete this information, and you are using the GIFI-Short form, write "opening" in the top right-hand corner of the appropriate balance sheet. If you are using the GIFI schedules, Schedule T2SCH100, *Balance Sheet Information*, is for the closing balance sheet information and Schedule T2SCH101, *Opening Balance Sheet Information*, is for the opening balance sheet information.

Deferred expense statements

You may be involved in exploration and development that has not yet generated significant sales revenue and you may have capitalized deferred expenditures. If so, do **not** use the GIFI to itemize these expenditures. You should report the aggregate deferred expenditures as balance sheet information. As well, you have to report "0" in the required fields on your income statement information (see "Validity check items" on the next page).

Reporting in Canadian funds

Report your financial statement information in Canadian funds even if you are a Canadian branch of a foreign corporation.

Reporting negative amounts

If you are using a software package, it will show you how to mark items as negative amounts. If you do not use a software package, you should mark negative amounts using brackets or a minus sign.

Reporting in dollars

Report your financial statement amounts in actual dollars; do **not** report cents (for example, report cash of $10,500.75 as 10501 under Item 1001, "Cash"). Do **not** report amounts in thousands or millions of dollars.

Reporting unconsolidated financial statement information

Report your financial statement information for each legal entity (unconsolidated). Include all unincorporated branches or divisions within that legal corporate entity.

Reporting multiple lines of business

You may have multiple lines of business. For more information on how to report this type of situation using the GIFI, see Appendix B on page 26.

Using the GIFI

1. Select the items usually reported on your balance sheet from items in the 1000 to 3849 range.
2. Select the items usually reported on your income statement from items in the 8000 to 9970 range.

   Note
   Items 9370 to 9899 relate specifically to farming income and expenses.
3. Select the items usually reported in your extraordinary items and income taxes from items in the 9975 to 9999 range.

Validity check items

The GIFI information has to balance. We use the following rules to check the information you provide:

- total assets = total liabilities + total shareholder equity
- total revenue – total expenses = net non-farming income
- total farm revenue – total farm expenses = net farm income

You have to provide certain line items so that we can check the above equations. Each GIFI **must** include:

Balance sheet
Item 2599 – Total assets
Item 3499 – Total liabilities
Item 3620 – Total shareholder equity

Non-farming income and expenses
Item 8299 – Total revenue
Item 9368 – Total expenses

and/or

Farming income and expenses
Item 9659 – Total farm revenue
Item 9898 – Total farm expenses

When reporting a breakdown of retained earnings
Item 3849 – Retained earnings/deficit – End

Extraordinary items and income taxes
Item 9999 – Net income/loss after taxes and extraordinary items

The amount of a required item may be nil. If so, enter "0."

Note
These required fields do **not** represent the minimum number of items that have to be GIFI-coded and filed with the CRA. These are codes that must be included, along with all the other GIFI codes needed to represent a corporation's financial statements.

For an example of how to use the GIFI, see page 9.

How to select GIFI items

The GIFI consists of items you find on a balance sheet and on an income statement. The balance sheet section consists of items pertaining to assets, liabilities, and shareholder equity. Items specific to retained earnings are included in this area as well. The income statement section consists of items you find under revenue, cost of sales, and expenses. Due to the specific reporting needs of the agriculture industry, we have provided a separate section for farming revenue and expenses. A section for extraordinary items and income taxes can be found after the farming section. For a complete listing of GIFI items, see Appendix A on page 12.

We have further divided the GIFI into blocks of items within these sections. The item at the start of each block is highlighted. This item represents the generic term for items within the block. You may not find the item that is an exact, or close, match to the item on your financial statements. If that is the case, use the generic item.

Note
The generic item at the start of each block does **not** represent the total of the items in the block.

Assuming that you will prepare the GIFI from your own financial statements, use the following process when you select GIFI items:

- try to select an exact match from the GIFI items on your financial statements;
- if you cannot find an exact match, select the most appropriate item; or
- if you cannot find an appropriate item, select the generic item.

Example

8760	**Business taxes, licences, and memberships**
8761	Memberships
8762	Business taxes
8763	Franchise fees
8764	Government fees

If your income statement usually shows an account for "business charges," you could use item 8760 to report this amount.

Reporting an amount that combines two or more items

An amount in your financial statement information may combine two or more GIFI items. To report this amount, determine which item is the greater or greatest amount and choose the most appropriate GIFI item.

Example
Cash and term deposits

If **cash** is the greater amount, report under GIFI item 1001, "Cash."

If **term deposits** is the greater amount, report under GIFI item 1181, "Canadian term deposits."

Example
Rent, taxes, and insurance

You could report this under item 8911, "Real estate rental," under Item 8762, "Business taxes," or under item 8690, "Insurance," depending on which amount is the greatest.

Completing the notes checklist

The notes checklist is included with the GIFI in all CRA-approved software packages. Complete the notes checklist when you use the GIFI to report your financial statement information. Parts 1, 2, and 3 must be completed from the perspective of the person (referred to on the form as the "accountant") who prepared or reported on the financial statements. If you are preparing the tax return, but you are not the accountant referred to above, you must still complete Parts 1, 2, 3, and 4, as applicable. A copy of the notes checklist follows.

Part 1 – Information on the accountant preparing or reporting on the financial statements

Answer these two questions about the accountant who reported on, or prepared, the financial statements of the corporation. Indicate whether the accountant has a professional designation and whether the accountant is connected to the corporation by ticking either the **yes** or **no** box for each question.

Note
If the accountant does not have a professional designation or is connected to the corporation, you do not have to complete Part 2, Type of Involvement with the financial statements, or Part 3, Reservations. However, you do have to complete Part 4, Other Information, as applicable.

Part 2 – Type of involvement with the financial statements

Choose the option that represents the highest level of involvement of the accountant.

Part 3 – Reservations

If you selected option 1 or 2 in Part 2 – Type of involvement with the financial statements, answer question 099, "Has the accountant expressed a reservation?"

Part 4 – Other information

If you have a professional designation and are not the accountant associated with the financial statements in Part 1, tick either option 1 or 2 at line 110.

If you answer **yes** to question 101, answer questions 102 to 107.

If you answer **yes** to question 108, answer question 109.

Notes Checklist

Part 1 – Information on the accountant preparing or reporting on the financial statements

Does the accountant have a professional designation?	095	1 Yes ____	2 No ____
Is the accountant connected* with the corporation?	097	1 Yes ____	2 No ____

* A person connected with a corporation can be: (i) a shareholder of the corporation who owns more than 10% of the common shares; (ii) a director, an officer, or an employee of the corporation; or (iii) a person not dealing at arm's length with the corporation.

Note
If the accountant does not have a professional designation **or** is connected to the corporation, you do not have to complete Parts 2 and 3 of this schedule. However, you do have to complete Part 4 as applicable.

Part 2 – Type of involvement with the financial statements

Choose the option that represents the highest level of involvement of the accountant: 198

Completed an auditor's report	1	____
Completed a review engagement report	2	____
Conducted a compilation engagement	3	____

Part 3 – Reservations

If you selected option "1" or "2" under **Type of involvement with the financial statements** above, answer the following question:

Has the accountant expressed a reservation?	099	1 Yes ____	2 No ____

(continued on next page)

Part 4 – Other information

If you have a professional designation and are not the accountant associated with the financial statements in Part 1 above, choose one of the following options:

	110				
Prepared the tax return (financial statements prepared by client)	1				
Prepared the tax return and the financial information contained therein (financial statements have not been prepared)	2				
Were notes to the financial statements prepared?	101	1 Yes		2 No	
If **yes**, complete lines 102 to 107 below:					
Are any values presented at other than cost?	102	1 Yes		2 No	
Has there been a change in accounting policies since the last return?	103	1 Yes		2 No	
Are subsequent events mentioned in the notes?	104	1 Yes		2 No	
Is re-evaluation of asset information mentioned in the notes?	105	1 Yes		2 No	
Is contingent liability information mentioned in the notes?	106	1 Yes		2 No	
Is information regarding commitments mentioned in the notes?	107	1 Yes		2 No	
Does the corporation have investments in joint venture(s) or partnerships?	108	1 Yes		2 No	
If **yes**, complete line 109 below:					
Are you filing financial statements of the joint venture(s) or partnership(s)?	109	1 Yes		2 No	

Notes to the financial statements

You may have prepared notes to the financial statements. If so, include them with the GIFI. If you file electronically, you have to include the notes with your transmission. Your software package should enable you to transfer the notes to the file you are transmitting, without re-keying.

Notes

You cannot include tables and graphs in the notes if you are filing electronically. You have to convert this type of information to plain text.

You may choose to report on the GIFI breakdowns of items such as capital assets or investments shown in the notes.

Example

Your balance sheet shows fixed assets of $31,500, with a breakdown found in the notes.

	Cost	Accumulated amortization	Net
Land	$ 10,000		$ 10,000
Buildings	$ 20,000	$ 3,000	$ 17,000
Furniture and fixtures	$ 5,000	$ 500	$ 4,500
Total	$ 35,000	$ 3,500	$ 31,500

Using the GIFI, you could report the information from the notes as follows:

GIFI Code	Item	Amount
1600	Land	10,000
1680	Buildings	20,000
1681	Accumulated amortization of buildings	(3,000)
1787	Furniture and fixtures	5,000
1788	Accumulated amortization of furniture and fixtures	(500)
2008	Total tangible capital assets	35,000
2009	Total accumulated amortization of tangible capital assets	(3,500)

Example – Using the GIFI

The following example represents a typical set of financial statements. The first two columns show the item and the amount reported on the financial statement; the third and fourth columns show the corresponding GIFI code and name.

Note
This example is only a guideline. It is not meant to dictate what to put on your statements or how to file.

* First item in two-item amount is greater (see "Reporting an amount that combines two or more items" on page 6).

Notes to financial statements

Note 1. Basis of presentation

The financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada and using historic cost as the basis of presentation.

Note 2. Fixed assets

	Cost	Accumulated amortization	Net
Office furniture and equipment	9,793	4,010	5,783
Computer equipment	3,174	1,852	1,322
Computer software	3,665	3,665	
Machinery and equipment	37,981	16,072	21,909
Leasehold improvements	41,577	20,788	20,789
Total	96,190	46,387	49,803

Note 3. The investment is stated at cost and consists of shares in a Canadian affiliated corporation.

An amount reported under this item should be the same amount reported under Item 3600, "Retained earnings/deficit," in the shareholder equity section."*

Income Statement Information

0001 Operating name
Complete this section if the operating name is different from the corporation name (e.g., 111111 Ontario Ltd., operating as Maggie's Muffins).

0002 Description of the operation
Complete the description of the operation when reporting more than one income statement, and the activity is different from the major business activity. See Appendix B of this guide for more information on reporting multiple lines of business.

0003 Sequence Number
For more than one income statement, use sequence numbers for each statement – number 01 for the income statement relating to the main activity, with supplementary income statements numbered consecutively from 02.

Revenue

8000 Trade sales of goods and services
This item is for corporations who are not involved in the resource industry (items 8040 to 8053) or the fishing industry (items 8160 to 8166), but whose main source of income is the sale of a product or service. Amounts may be reported net of discounts allowed on sales, sales rebates, volume discounts, returns, and allowances.

8020 Sales of goods and services to related parties
See the explanation for Item 8000 above.

8030 Interdivisional sales

8040 Sales from resource properties

8042 Petroleum and natural gas sales to related parties
8043 Gas marketing
8044 Processing revenue
8045 Pipeline revenue
8046 Seismic sales
8047 Mining revenue
8048 Coal revenue
8049 Oil sands revenue
8050 Royalty income
8051 Oil and gas partnership/joint venture income/loss
8052 Mining partnership/joint venture income/loss
8053 Other production revenue
well operating fees and sulphur revenue

8089 Total sales of goods and services

8090 Investment revenue
8091 Interest from foreign sources
may be reported as gross of withholding taxes – withholding taxes would then be reported under Item 9283, "Withholding taxes"
8092 Interest from Canadian bonds and debentures
8093 Interest from Canadian mortgage loans
8094 Interest from other Canadian sources
finance income, guaranteed investment certificates interest, interest on overpaid taxes, and loan interest
8095 Dividend income
8096 Dividends from Canadian sources
8097 Dividends from foreign sources
may be reported gross of withholding taxes – withholding taxes would then be reported under Item 9283, "Withholding taxes."

8100 Interest income (financial institutions)

8102 Securities interest
8103 Deposits with banks interest

8120 Commission revenue
commissions earned on the sale of products or services by businesses such as advertising agencies, brokers, insurance agents, lottery ticket sales, sales representatives, and travel agencies –
Some corporations may present sales and cost of sale on their income statement, with commission earned being the net amount. Report only the commission on the GIFI.

Example

Lottery ticket sales	$40,000
Cost of lottery tickets	$25,000
Commission	$15,000

This would be reported as:
Item 8120 – Commission revenue 15000

Compensation could also be reported under this item (for example, compensation for collecting sales tax).
8121 Commission income on real estate transactions

8140 Rental revenue
revenue from the rental of boats, hotel or motel rooms, machinery or equipment, and storage lockers
8141 Real estate rental revenue
amounts received as income from renting or leasing apartments, commercial buildings, land, office space, residential housing, and shopping centres –

This item represents the sum of all operating expense amounts.

9368 Total expenses
This item must be reported if there are no farming expenses (see "Validity check items" on page 6). Any amount reported under this item should be equal to the amount reported under Item 8518, "Cost of sales," plus the amount reported under Item 9367, "Total operating expenses."

9369 Net non-farming income
The amount reported should be equal to the amount reported under Item 8299, "Total revenue," minus the amount reported under Item 9368, "Total expenses."

Farming Income Statement Information

Cash vs. Accrual

As a farming corporation, you may choose to report your income using the cash method rather than the accrual method. If you are involved in more than one business activity, only your farming business can use the cash method.

0001 Operating name
Complete this section if your operating name is different from the corporation name (e.g., 111111 Ontario Ltd., operating as Maggie's Muffins).

0002 Description of the operation
You must complete the description of the operation when you are reporting more than one income statement, and the activity is different than the major business activity. For more information on reporting multiple lines of business, see page 26 *of this guide.*

0003 Sequence number
For more than one income statement, use sequence numbers for each statement – number 01 for the income statement relating to the main activity with supplementary income statements numbered consecutively from 02.

Item 9995 – Future (deferred) income tax provision ***plus*** *or* ***minus***
Item 9998 – Total-other comprehensive income and ***must*** *be reported (see "Validity check items" on page 6). Any amount reported under this item should be equal to the amount reported under Item 3680, "Net income/loss," in the retained earnings section. Exception: If there is an amount reported under Item 9998, "Total-other comprehensive income," Item 3680 should be equal to Item 9999 plus or minus Item 9998.*

Appendix B – Reporting multiple lines of business

Some corporations, such as those involved in a business that receives income from different sources, choose to file a supplementary income statement for each operation. You can use the GIFI to report the information from the supplementary statements.

A corporation may receive rental income from several properties and may choose to complete a supplementary income statement for each of the properties; or, a manufacturing corporation may also have a retail outlet and choose to submit a supplementary income statement for the retail activity.

Another situation in which corporations may choose to submit a supplementary income statement is to report amounts broken down in the notes, such as rental loss.

Completing the main and supplementary income statements

- You have to provide an operating name for each statement, except the summary statement (see the last bullet of this section), unless it is the same as the corporation's legal name.
- You have to provide a description of the operation if it is different from the main activity.
- Each statement needs a sequence number. The income statement relating to the main activity must have sequence number 01. The supplementary income statements would be numbered consecutively from 02.
- A GIFI item can be reported on more than one statement. See "Using the same GIFI item on different statements", on this page.
- Each statement should report items up to Item 9970, "Net income/loss" **before** taxes and extraordinary items." Do **not** report any extraordinary items or income taxes, or net income/loss after taxes and extraordinary items (items 9975 to 9999) on the main or supplementary income statements.

  Note
  The main income statement (Sequence 01) should not include the net amounts for the information that you have included on the supplementary statements. As a result, some total lines and perhaps gross profit will be different from what is shown on the corporation's financial statements.

- You have to provide a summary statement that reports the following: the sum of all amounts under Item 9970 on each income statement; any amounts reported under items 9975 to 9995 (representing the extraordinary items and income taxes for the corporation); and the amount under Item 9999 (representing net income/loss after taxes and extraordinary items).

Using the same GIFI item on different statements

You can report the same GIFI items, which appear for the main activity, on your supplementary income statements. However, any amount you report on a supplementary income statement should **not** be included in the amount you report on the main income statement for the same item.

Example
A corporation that prepares multiple income statements may choose to report Item 8622, "Employer's portion of employee benefits," on each of its statements. The example following this section shows an amount for Item 8622 on each of the statements. Note that the amount reported under Item 8622 on Sequence 01 (main activity), does not include the amounts reported under Item 8622 on the supplementary income statements.

Example – Multiple lines of business

The following example represents the statements of a corporation whose main activity is manufacturing but is also involved in retail and equipment rental.

Part 1 shows the corporation's main income statement, which includes the net amounts for each of the supplementary income statements.

Part 2 shows how to report this type of information using the GIFI and how to balance your financial information. Note that the CRA would only receive the name, description of operations, and sequence number with the GIFI code and amount.

My Business Account

My Business Account provides convenient and secure online access to a growing range of business account information and services. For your corporation income tax account, you can transmit a return and view its status. You can also view your account balance and transactions, communication items issued by the CRA, and direct deposit banking information; get additional remittance vouchers; and authorize your employees and representatives to have online access to your tax information. If you have an amount owing, you can calculate the balance (including interest) to a future date that you select. You can transfer payments and credits from one interim period to another interim period or to an amount owing within the same account. You will be able to see the results immediately, including up-to-date account balances and interest. You can make an online request to ask for financial transactions.

To find out more about this electronic service for business, go to **www.cra.gc.ca/mybusinessaccount**.

Represent a client

Authorized representatives, including employees, can view account information and transact online for business owners through the Represent a client service. Your authorized representatives will have convenient online access to your business's tax information and will be able to communicate directly with the CRA for you. Business owners can authorize their representatives through My Business Account, and the representatives will have immediate access, or by completing and filing the RC59, *Business Consent Form*. For more information, go to **www.cra.gc.ca/representatives**.
