Amounts for Spouse or Common-Law Partner and Dependants

Schedule 5

Protected B when completed

Complete this schedule to claim an amount on line 30300, 30400, 30425 or 30450 of your return.

For information about the Canada caregiver amount for infirm children under 18 years of age, see line 30500 on page 6 of this schedule.

For specific eligibility requirements for each amount, see the charts on pages 2 to 6.

For more information about the Canada caregiver credit, go to canada.ca/caregiver-credit or see Income Tax Folio S1-F4-C2, Basic Personal and Dependant Tax Credits.

Attach a copy of this schedule to your paper return.

Eligibility for the Canada caregiver amount

You may be able to claim the Canada caregiver amount if, at any time in the year, one or more of the following individuals was dependent on you because of a mental or physical infirmity:

- your spouse or common-law partner
- your (or your spouse's or common-law partner's) child or grandchild
- your (or your spouse's or common-law partner's) parent, grandparent, brother, sister, uncle, aunt, niece, or nephew (if they resided in Canada at any time in the year)

For a person to be dependent on you because of a mental or physical infirmity, the dependency must be solely due to that infirmity. The degree of the infirmity requires the person to be dependent on you for a considerable period of time. A temporary illness or injury is not considered to be an infirmity for the purpose of the Canada caregiver amount.

Person with a mental or physical infirmity	Amount you may be able to claim
Spouse or common-law partner	both of the following amounts: • $2,687 in the calculation of line 30300 • up to $8,601 on line 30425
Eligible dependant 18 years of age or older (must meet conditions for amount for an eligible dependant at line 30400) (see note)	both of the following amounts: • $2,687 in the calculation of line 30400 • up to $8,601 on line 30425
Eligible dependant under 18 years of age at the end of the year (must meet conditions for amount for an eligible dependant at line 30400) (see note)	one of the following amounts: • $2,687 in the calculation of line 30400 • $2,687 on line 30500
Each of your or your spouse's or common-law partner's children under 18 years of age at the end of the year (see note)	$2,687 on line 30500
Each dependant 18 years of age or older (cannot be someone you claimed on line 30300 or line 30400)	up to $8,601 on line 30450

DRAFT - Not for filing

Note: You cannot claim an amount on lines 30400, 30450 and 30500 for your child if you were the only parent required to make support payments for that child to your current or former spouse or common-law partner. This rule applies only if one of the following conditions applied to you:

- You lived separate and apart from your current or former spouse or common-law partner throughout 2025 because of a breakdown of your relationship
- You were separated from your spouse or common-law partner for only part of 2025 because of a breakdown in your relationship and you are claiming a deduction on line 22000 of your return for support amounts that you paid to your current or former spouse or common-law partner

For more information, see lines 30400, 30450, and 30500 of this schedule.

Supporting documents

The Canada Revenue Agency (CRA) may ask for a signed statement from a medical practitioner showing when the infirmity began and what its duration is expected to be. However, a signed statement from a medical practitioner is not required if the CRA already has an approved Form T2201, Disability Tax Credit Certificate, for a specified period.

For children under 18 years of age, the statement should also show that the child is dependent on others for significantly more assistance in attending to personal needs and care than other children of the same age. Due to the mental or physical infirmity, the dependence on others is expected to last for a long and continuous period of indefinite duration. For more information and examples, see Income Tax Folio S1-F4-C2, Basic Personal and Dependant Tax Credits.

Line 30300 - Spouse or common-law partner amount

Claim this amount if, at any time in the year, you supported your spouse or common-law partner and their net income from line 23600 of their return (or the amount that it would be if they filed a return) was less than your basic personal amount (plus $2,687 if your spouse or common-law partner was dependent on you because of a mental or physical infirmity).

If you had to make support payments to your current or former spouse or common-law partner and you were separated for only part of 2025 because of a breakdown in your relationship, you can claim whichever amount is better for you:

- the amount on line 22000 of your return for deductible support payments made in the year to your current or former spouse or common-law partner
- the amount on line 30300 of your return for your spouse or common-law partner

If you reconciled with your spouse or common-law partner and were living together on December 31, 2025, you can claim an amount on line 30300 of your return and any allowable amounts on line 32600 of your return.

Only one spouse or common-law partner can claim the amount on line 30300 for each other for the same year.

Did your marital status change to a status other than married or living common-law in 2025? If yes, check this box and enter the date of the change.	55220	Month	Day

(1) If your spouse or common-law partner is temporarily outside Canada but still considered a resident of Canada for tax purposes, enter their net world income.

If you were living with your spouse or common-law partner on December 31, 2025, use their net income for the whole year even if you separated for part of the year (then you got back together and started living together again in 2025), got married in 2025, or became a common-law partner or started to live with your common-law partner again in 2025.

If you separated in 2025 because of a breakdown in your relationship and were not back together on December 31, 2025, reduce your claim by the amount of your spouse's or common-law partner's net income before the separation.

If your spouse or common-law partner is a non-resident, enter their net world income in Canadian dollars. The CRA may ask you to provide supporting documents later.

DRAFT - Not for filing

Line 30400 - Amount for an eligible dependant

Claim this amount if, at any time in the year, you supported an eligible dependant and their net income from line 23600 of their return (or the amount that it would be if they filed a return) was less than your basic personal amount (plus $2,687 if the eligible dependant was dependent on you because of a mental or physical infirmity).

If you did not claim an amount on line 30300 of your return, you may be able to claim the amount for one eligible dependant if, at any time in the year, you met all the following conditions:

- You did not have a spouse or common-law partner or, if you did, you were not living with them, supporting them, or being supported by them
- You supported the dependant in 2025
- You lived with the dependant (in most cases in Canada) in a home you maintained. You cannot claim this amount for a person who was only visiting you

In addition, the dependant must also be one of the following persons by blood, marriage, common-law partnership or adoption:

- your parent or grandparent
- your child, grandchild, brother or sister under 18 years of age
- your child, grandchild, brother or sister 18 years of age or older with a mental or physical infirmity

Line 30400 - Amount for an eligible dependant (continued)

Notes: For the purposes of this amount, the CRA considers your dependant to have lived with you if they usually live with you when they are not in school. Further, your child is not required to live in Canada, but they must still have lived with you. For example, you were a deemed resident living in another country with your child. (For information about deemed residents, go to canada.ca/cra-deemed-residents.)

You cannot claim this amount if any of the following applies:

- The person you want to claim this amount for is your spouse or common-law partner. (You may be able to claim an amount for your spouse or common-law partner on line 30300 of your return.)
- Another person is claiming the spouse or common-law partner amount on line 30300 of their return for this dependant
- Another person in your household is making this claim (Each household is allowed only one claim for this amount, even if there is more than one dependant in the household)
- Another person is claiming the amount on line 30400 of their return for this dependant. If you and another person can both claim this amount for the same dependant (such as in the shared custody of a child) but cannot agree on who will claim the amount, neither of you can make the claim
- You had to pay child support in 2025 for the eligible dependant. You cannot claim an amount on line 30400 for a child you had to make support payments for, except in the following situations:
  - You were separated from your spouse or common-law partner for only part of 2025 because of a breakdown in your relationship. In this case, you can choose to claim the amount for an eligible dependant on line 30400 of your return, plus any allowable amounts for that child on line 30425 and line 31800 of your return (where all the eligibility requirements are otherwise met) or the deductible support payments that you made to your spouse or common-law partner on line 22000 of your return.
  - You and another person had to make support payments for the child in 2025. Claim an amount on line 30400 only if you and the other person paying support agree that you will be the one making the claim. For more information, go to canada.ca/taxes-support-payments

Eligible dependant with a mental or physical infirmity

If the eligible dependant is 18 years of age or older and dependent on you because of a mental or physical infirmity, see line 30425 of this schedule.

If the eligible dependant is under 18 years of age at the end of the year, you may claim one of the following amounts:

- $2,687 on line 30500 of your return for each eligible dependant who is your (or your spouse's or common-law partner's) child
- $2,687 in the calculation of line 30400 if the eligible dependant does not meet the definition of child below

A child includes a person who is one of the following:

- your (or your spouse's or common-law partner's) biological or adopted child
- your child's spouse or common-law partner
- under your custody and control, and wholly dependent on you for support

Note: The eligible dependant must be dependent on others because of the infirmity and will likely continue to be dependent on others for a long and continuous period of indefinite duration. Because of this infirmity, the eligible dependant needs much more help with personal needs and care compared to other persons of the same age.

You cannot split this amount with another person. Once you claim this amount for a dependant 18 years of age or older, no one else can claim this amount or an amount on line 30425 of their return for that dependant.

If you were a single parent on December 31, 2025, and you chose to include all of the universal child care benefit lump-sum payment that you may have received in 2025 on your dependant's return, include this amount in the calculation of the dependant's net income.

If you cannot claim an amount on line 30400 of your return for an eligible dependant 18 years of age or older because you have a spouse or common-law partner, you may still be able to claim the Canada caregiver amount for other infirm dependants age 18 or older on line 30450 of your return.

Line 30450 - Canada caregiver amount for other infirm dependants age 18 or older

You can claim an amount for each dependent who meets all of the following conditions:

- They were dependent on you because of a mental or physical infirmity
- They were 18 years of age or older
- They were your (or your spouse's or common-law partner's) child, grandchild, parent, grandparent, brother, sister, aunt, uncle, niece, or nephew
- They were a resident of Canada at any time in the year. You cannot claim this amount for a person who was only visiting you
- Their net income from line 23600 of their return (or the amount it would be if they filed a return) was less than $28,798

You cannot claim an amount on line 30450 of your return for dependants who do not have a mental or physical infirmity, including a parent or grandparent.

A parent includes someone you were completely dependent upon and who had custody and control of you when you were under 19 years of age.

A child includes a person who is under your custody and control and is wholly dependent on you for support, even if they are older than you.

If you or another person is claiming an amount on line 30300 or on line 30400 of the return for the dependant, you cannot claim an amount on line 30450 of the return for that dependant.

If you had to make support payments for a child, you cannot claim an amount on line 30450 of your return for that child. However, if you were separated from your spouse or common-law partner for only part of 2025 because of a breakdown in your relationship, you may be able to claim an amount for that child on line 30450 of your return if you do not claim any support amounts paid to your spouse or common-law partner on line 22000 of your return. Claim whichever is better for you.

Note If you and another person support the same dependant, you can split the claim for that dependant. However, the total amount of your claim and the other person's claim cannot be more than the maximum amount allowed for that dependant.

Complete the chart below for each dependant who meets the conditions above.

Allowable amount for this dependant: Line 1 minus line 2 (if negative, enter "0")	(maximum $8,601)	=	3

Enter the number of dependants you are claiming this amount for. 51120

Line 30500 - Canada caregiver amount for infirm children under 18 years of age

You can claim $2,687 for each of your (or your spouse's or common-law partner's) children who meet all of the following conditions: The child:

- Was under 18 years of age at the end of the year
- had a mental or physical infirmity and will likely continue to be dependent on others for a long and continuous period of indefinite duration
- needs much more help with personal needs and care compared to other children of the same age

Note: You can claim the full amount in the year of the child's birth, death, or adoption.

If the child does not live with both parents throughout the year, only the parent (or the parent's spouse or common-law partner) who claims an amount on line 30400 for that child can make the claim on line 30500. You may still be able to claim an amount on line 30500 for your child if you (or your spouse or common-law partner) could not claim the amount on line 30400 for any of the following reasons:

- You claimed an amount on line 30300 for your spouse or common-law partner
- You claimed an amount on line 30400 for another dependant
- Another person in your household claimed an amount on line 30400 for another dependant
- The child's income is too high

You (or your spouse or common-law partner) can claim this amount for all eligible children separately, but the amount can only be claimed once for each child.

If you have shared custody of the child throughout the year, the parent who claims the amount for an eligible dependant (line 30400) for that child can make the claim on line 30500. If you have shared custody of the child throughout the year, but cannot agree who will claim the amount, neither of you can make this claim.

If you and another person had to make support payments for the child in the year, you can claim this amount only if both of you agree that you will be making the claim.

If you were the only person who had to make support payments for the child for 2025, you may not be eligible to claim this amount for that child.

For more information about support payments, go to canada.ca/taxes-support-payments.

For the purposes of this amount, a child includes a person who is one of the following:

- your (or your spouse's or common-law partner's) biological or adopted child
- your child's spouse or common-law partner
- under your custody and control, and wholly dependent on you for support

** For information on CCA for "Part 7 - Calculating business-use-of-home expenses," see "Special situations" in Chapter 4 of Guide T4002. To help you calculate the CCA, see the calculation charts in Areas B to G.

See next page for notes 1 to 8.

Note 1: Columns 4, 6, 8, and 9 apply only to designated immediate expensing properties (DIEPs). See subsection 1104(3.1) of the Income Tax Regulations for definitions. A DIEP is a property that you acquired after December 31, 2021, and that became available for use before 2025. For more information, see Guide T4002.

Note 2: The proceeds of disposition of a zero-emission passenger vehicle (ZEPV) that has been included in Class 54, or a passenger vehicle bought after April 18, 2021, that has been included in Class 10.1, and whose cost is more than the prescribed amount will be adjusted based on a factor equal to its prescribed amount as a proportion of the actual cost of the vehicle. For dispositions after July 29, 2019, you will have to adjust the actual cost of the vehicle for any payments or repayments of government assistance that you may have received or repaid for the vehicle. If the passenger vehicle in Class 10.1 is not designated for immediate expensing treatment, this special rule does not apply. For more information on proceeds of disposition and the prescribed amounts, read "Class 10.1 (30%)" and "Class 54 (30%)" in Guide T4002.

Note 3: The amount you enter in column 8 must not be more than the amount from column 7. If the amount from column 7 is negative, enter "0."

Note 4: The immediate expensing applies to DIEPs included in column 8. The total immediate expensing amount for the tax year (total of column 9) is limited to the lesser of:

- the immediate expensing limit, which is equal to one of the following, whichever is applicable:
  - $1.5 million, if you are not associated with any other eligible person or partnership (EPOP) in the tax year
  - amount iii of Area G, if you are associated with one or more EPOPs in the tax year
  - zero, if you are associated with one or more EPOPs and an agreement that assigns a percentage to one or more of the associated EPOPs was not filed with the minister in a prescribed form
  - any amount allocated by the minister under subsection 1104(3.4) of the Regulations
- the UCC of DIEPs in column 8
- the amount of income, if any, earned from the source of income that is a business (before any CCA deductions) in which the relevant DIEP is used for the tax year

For more information, see Guide T4002.

Note 5: Columns 11, 12, 14, 15, and 16 apply only to accelerated investment incentive properties (AIIPs) (see Guide T4002 for the definition), zero-emission vehicles (ZEVs), ZEPVs, and other eligible zero-emission automotive equipment and vehicles that become available for use in the year. Under proposed changes, these columns would also apply to the reaccelerated investment incentive properties (RIIPs) (see Guide T4002 for the proposed definition). In this chart, ZEVs represent zero-emission vehicles, ZEPVs, and other eligible zero-emission automotive equipment and vehicles. An AIIP is a property (other than a ZEV) that you acquired after November 20, 2018, (and, under proposed changes, before 2025) and that became available for use before 2028. A ZEV is a motor vehicle included in Class 54 or 55 that you acquired after March 18, 2019, and that became available for use before 2028 (or, under proposed changes, before 2034), or eligible zero-emission automotive equipment and vehicles included in Class 56 acquired after March 1, 2020, and that became available for use before 2028 (or, under proposed changes, before 2034). Under proposed changes, a RIIP would be a property (other than a ZEV) that you acquired after 2024, and that became available for use before 2034. For more information, see Guide T4002.

Note 6: For ZEVs (under proposed changes, acquired before 2025) and AIIPs that became available for use in 2025, the relevant factors are 1 1/2 (Classes 43.1, 54, and 56), 7/8 (Class 55), and 1/2 (Classes 43.2 and 53). Under proposed changes, for properties included in Class 44, 46, or 50 acquired after April 15, 2024, and that became available for use in 2025, the relevant factors are 3 (Class 44), 2 1/3 (Class 46), and 9/11 (Class 50). The factor is 0 for any remaining AIIPs not listed in this note.

Note 7: Under proposed changes, for ZEVs acquired after 2024 and RIIPs that became available for use in 2025, the relevant factors are 3 (Class 44), 2 1/3 (Classes 43.1, 46, 54, and 56), 1 1/2 (Class 55), 1 (Class 53), 9/11 (Class 50), and 0 (Classes 12, 13, 14, 15, and 59). The factor is 1/2 for any remaining RIIPs not listed in this note.

Note 8: If, in the year, you disposed of a property that you used for both personal and business use, and your business use of that property changed from year to year, you must subtract any remaining personal part of this property's cost from the UCC at the end of the year. For more information, see "Special situations" in Chapter 4 of Guide T4002.

If no property is left in the class and there is a positive amount in this column, deduct the amount from income as a terminal loss in Part 4 on line 9270. Recapture and terminal loss do not apply to a Class 10.1 property unless it is a DIEP. For more information, read Chapter 4 of Guide T4002.

** For information on CCA for "Part 7 - Calculating business-use-of-home expenses," see "Special situations" in Chapter 4 of Guide T4002. To help you calculate the CCA, see the calculation charts in Areas B to G.

See next page for notes 1 to 8.

Note 1: Columns 4, 6, 8, and 9 apply only to designated immediate expensing properties (DIEPs). See subsection 1104(3.1) of the Income Tax Regulations for definitions. A DIEP is a property that you acquired after December 31, 2021, and that became available for use before 2025. For more information, see Guide T4002.

Note 2: The proceeds of disposition of a zero-emission passenger vehicle (ZEPV) that has been included in Class 54, or a passenger vehicle bought after April 18, 2021, that has been included in Class 10.1, and whose cost is more than the prescribed amount will be adjusted based on a factor equal to its prescribed amount as a proportion of the actual cost of the vehicle. For dispositions after July 29, 2019, you will have to adjust the actual cost of the vehicle for any payments or repayments of government assistance that you may have received or repaid for the vehicle. If the passenger vehicle in Class 10.1 is not designated for immediate expensing treatment, this special rule does not apply. For more information on proceeds of disposition and the prescribed amounts, read "Class 10.1 (30%)" and "Class 54 (30%)" in Guide T4002.

Note 3: The amount you enter in column 8 must not be more than the amount from column 7. If the amount from column 7 is negative, enter "0."

Note 4: The immediate expensing applies to DIEPs included in column 8. The total immediate expensing amount for the tax year (total of column 9) is limited to the lesser of:

- the immediate expensing limit, which is equal to one of the following, whichever is applicable:
  - $1.5 million, if you are not associated with any other eligible person or partnership (EPOP) in the tax year
  - amount iii of Area G, if you are associated with one or more EPOPs in the tax year
  - zero, if you are associated with one or more EPOPs and an agreement that assigns a percentage to one or more of the associated EPOPs was not filed with the minister in a prescribed form
  - any amount allocated by the minister under subsection 1104(3.4) of the Regulations
- the UCC of DIEPs in column 8
- the amount of income, if any, earned from the source of income that is a business (before any CCA deductions) in which the relevant DIEP is used for the tax year

For more information, see Guide T4002.

Note 5: Columns 11, 12, 14, 15, and 16 apply only to accelerated investment incentive properties (AIIPs) (see Guide T4002 for the definition), zero-emission vehicles (ZEVs), ZEPVs, and other eligible zero-emission automotive equipment and vehicles that become available for use in the year. Under proposed changes, these columns would also apply to the reaccelerated investment incentive properties (RIIPs) (see Guide T4002 for the proposed definition). In this chart, ZEVs represent zero-emission vehicles, ZEPVs, and other eligible zero-emission automotive equipment and vehicles. An AIIP is a property (other than a ZEV) that you acquired after November 20, 2018, (and, under proposed changes, before 2025) and that became available for use before 2028. A ZEV is a motor vehicle included in Class 54 or 55 that you acquired after March 18, 2019, and that became available for use before 2028 (or, under proposed changes, before 2034), or eligible zero-emission automotive equipment and vehicles included in Class 56 acquired after March 1, 2020, and that became available for use before 2028 (or, under proposed changes, before 2034). Under proposed changes, a RIIP would be a property (other than a ZEV) that you acquired after 2024, and that became available for use before 2034. For more information, see Guide T4002.

Note 6: For ZEVs (under proposed changes, acquired before 2025) and AIIPs that became available for use in 2025, the relevant factors are 1 1/2 (Classes 43.1, 54, and 56), 7/8 (Class 55), and 1/2 (Classes 43.2 and 53). Under proposed changes, for properties included in Class 44, 46, or 50 acquired after April 15, 2024, and that became available for use in 2025, the relevant factors are 3 (Class 44), 2 1/3 (Class 46), and 9/11 (Class 50). The factor is 0 for any remaining AIIPs not listed in this note.

Note 7: Under proposed changes, for ZEVs acquired after 2024 and RIIPs that became available for use in 2025, the relevant factors are 3 (Class 44), 2 1/3 (Classes 43.1, 46, 54, and 56), 1 1/2 (Class 55), 1 (Class 53), 9/11 (Class 50), and 0 (Classes 12, 13, 14, 15, and 59). The factor is 1/2 for any remaining RIIPs not listed in this note.
