Information and Instructions

Part E – Declaration and authorization

If your return is being sent by EFILE, you have to fill out parts **A**, **B**, and **E**. By signing Part **E**, you acknowledge that under the Income Tax Act you have to:

- keep all records used to prepare your return for a period of six years, and provide this information to the Canada Revenue Agency (CRA) on request
- give the signed original of this form to the electronic filer named in Part **C**, and keep a copy for yourself

By signing Part **E**, you declare that the electronic filer named in Part **C** is electronically filing the trust's return on your behalf. If there are any errors or omissions on the return, you authorize the CRA to:

- disclose the errors or omissions to the electronic filer
- if necessary, give the electronic filer the trust's information

You also authorize the electronic filer **to correct errors if your return is rejected, by making changes and transmitting your return again** so the CRA can accept it for electronic filing. The electronic filer can do this as long as your refund or balance owing shown in Part **B** is not changed by more than $300.

By signing Part **E**, you acknowledge that the CRA is responsible for ensuring the confidentiality of your electronically filed tax information **only** after accepting it.

By signing Part **E**, you declare that the information entered in Part **A** and the amounts showing in Part **B** are correct and complete, and fully disclose the income from all sources of the trust.

Requirements – Signature
