General Index of Financial Information (GIFI)

RC4088(E) Rev.15

Canada

Is this guide for you?

All corporations—except for insurance corporations—and all partnerships can file using the General Index of Financial Information (GIFI). For more information, see page 5 of this guide.

This guide provides general information and explains how to use the GIFI.

If you are blind or partially sighted, you can get our publications in braille, large print, etext, or MP3 by going to **www.cra.gc.ca/alternate**. You can also get our publications and your personalized correspondence in these formats by calling **1-800-959-5525**. If you are outside Canada and the United States, call us at **613-940-8497**. We accept collect calls by automated response. You may hear a beep and experience a normal connection delay.

General Index of Financial Information (GIFI)

You have to include financial statement information when you file a *T2 Corporation Income Tax Return* or a T5013 *Partnership Information Return*. The GIFI is an extensive list of financial statement items where each item has a unique code (for example, cash is 1001). When you use the GIFI, do not submit your financial statements with your return and schedules. If we need your traditional financial statements, we will ask for them.

You can find a complete listing of GIFI items and their codes in Appendix A on page 17.

When do you use the GIFI?

Use the GIFI to submit your financial statement information for both paper- and Internet-filed returns. For more information about our Internet filing service for corporations, go to **www.cra.gc.ca/corporation-internet,** and for partnerships, go to **www.cra.gc.ca/iref.**

Can you file using My Business Account or Represent a Client?

You can file corporation returns online using the "Transmit a return" service or partnership returns using the "File a return" service at:

- **www.cra.gc.ca/mybusinessaccount**, if you are the business owner; or
- **www.cra.gc.ca/representatives,** if you are an authorized representative or employee.

How do you use the GIFI?

The GIFI is available as part of T2 tax return preparation software programs certified by the Canada Revenue Agency (CRA). It is also available as part of T5013 partnership information return preparation software programs. The GIFI is included in some utility programs that allow you to import information from an accounting software program to a return preparation program. If you do not use return preparation software, see "What is the GIFI-Short?" on this page, "GIFI schedules for corporations" on page 5, or "GIFI schedules for partnerships" on page 6. Once you choose a GIFI code for each item you report on your financial statements, only the item code and amount will be included on your return.

What level of detail is needed with the GIFI?

We need the same level of detail with the GIFI as we needed from traditional financial statements. For example, if your financial statements include 40 items such as cash, accounts receivable, total assets, sales, cost of sales, income taxes, and net income after taxes, we expect that same number of GIFI codes. We need as many GIFI codes as it takes to represent your balance sheet and income statement in their entirety.

Note
Although you need to keep the working papers used to show the accounts or sub-accounts that make up a financial statement item, do **not** submit them when filing your return.

What about notes to the financial statements?

Submit any notes to your financial statements with your GIFI information. If you file a *T2 Corporation Income Tax Return* electronically, include the notes in text format with your transmission. Your software package should enable you to transfer the notes to the file you are transmitting, without rekeying.

If you file a T5013 *Partnership Information Return* electronically, do **not** send the paper copy of the notes to your tax centre. If we need the notes to your financial statements, we will ask for them. If you file a paper *T2 Corporation Income Tax Return* or T5013 *Partnership Information Return*, include a paper copy of your notes.

For examples on how to complete the notes checklist and the notes to the financial statements, see page 7.

What is the GIFI-Short?

The GIFI-Short is intended for corporations only. If your corporation does not use return preparation software, and has both gross revenue and assets of less than one million dollars each, use the paper version of the GIFI—Form T1178, *General Index of Financial Information – Short*. You can choose from about 100 commonly used balance sheet and income statement items. A separate selection of income statement items that can be used by farming corporations is also included.

What are GIFI schedules?

Schedules T2SCH100, *Balance Sheet Information*, T2SCH101, *Opening Balance Sheet Information*, and T2SCH125, *Income Statement Information*, provide spaces in column format for you to write your GIFI field codes and corresponding amounts. Schedule T2SCH141, *Notes Checklist*, is for completing the notes checklist.

Note
If you file a T2 return without using tax preparation software or Form T1178, you can use the GIFI schedules.

If you file a T5013 return, you should use the GIFI schedules for partnerships. Schedules T5013 SCH 100, *Balance Sheet Information*, and T5013 SCH 125, *Income Statement Information*, provide spaces in column format for you to write your GIFI field codes and corresponding amounts. Schedule T5013 SCH 141, *Financial Statement Notes Checklist*, is for completing the notes checklist.

Where can you get a copy of the GIFI form, guides, and schedules?

The GIFI form, guides, and schedules are available at **www.cra.gc.ca/forms** or by calling **1-800-959-5525**.

General information for corporations

Who can use the GIFI?

All corporations—except for insurance corporations—can file using the GIFI.

Insurance corporations

The GIFI does not currently meet the reporting needs of insurance corporations involved in underwriting (life insurers, deposit insurers, or property and casualty insurers). The GIFI does not include items specific to the insurance industry. You should continue to submit a paper copy of your financial statements with your T2 return and schedules.

Non-resident corporations

You can use the GIFI when you report in unconsolidated Canadian funds. Non-resident corporations cannot report in a functional currency. Do **not** use the GIFI if you are filing under section 115 only because you disposed of taxable Canadian property or because you are a treaty-based exempt corporation.

Inactive corporations

If your corporation is inactive (you answered **yes** at line 280 of the T2 return), but you have balance sheet or income statement information to report, you can use the GIFI to file this information.

First year after incorporation

You may be filing for the first year after incorporation. If so, complete two balance sheets: an opening and a closing. If you are not using a software package approved by us to complete this information, and you are using Form T1178, write "opening" in the top right-hand corner of the appropriate balance sheet. If you are using the GIFI schedules, Schedule T2SCH100, *Balance Sheet Information*, is for the closing balance sheet information and Schedule T2SCH101, *Opening Balance Sheet Information*, is for the opening balance sheet information.

Deferred expense statements

You may be involved in exploration and development that has not yet generated significant sales revenue and you may have capitalized deferred expenditures. If so, do **not** use the GIFI to itemize these expenditures. You should report the aggregate deferred expenditures as balance sheet information. As well, you have to report "0" in the required fields on your income statement information (see "Validity check items" on page 6).

Reporting in Canadian funds

Report your financial statement information in Canadian funds even if you are a Canadian branch of a foreign corporation. You can report in a functional currency if you are an eligible corporation that has filed Form T1296, *Election, or Revocation of an Election, to Report in a Functional Currency*, and elected to file in a functional currency under section 261.

Reporting negative amounts

If you are using a software package, it will show you how to mark items as negative amounts. If you do not use a software package, you should mark negative amounts using brackets or a minus sign.

Reporting in dollars

Report your financial statement amounts in actual dollars; do **not** report cents. For example, report cash of $10,500.75 as 10501 under item 1001 – Cash. Do **not** report amounts in thousands or millions of dollars.

Note
You can report in a functional currency if you are an eligible corporation that has filed Form T1296 and elected to file in a functional currency under section 261.

Reporting unconsolidated financial statement information

Report your financial statement information for each legal entity (unconsolidated). Include all unincorporated branches or divisions within that legal corporate entity.

Reporting multiple lines of business

You may have multiple lines of business. For more information on how to report this type of situation using the GIFI, see Appendix B on page 32.

GIFI schedules for corporations

If you file a T2 return without using return preparation software or Form T1178, you can use the GIFI schedules.

T2SCH100, *Balance Sheet Information*

Schedule 100 shows the corporation's financial position at the end of the tax year.

T2SCH101, *Opening Balance Sheet Information*

Schedule 101 shows the corporation's opening balance sheet information for the first return of a new corporation.

T2SCH125, *Income Statement Information*

Schedule 125 shows the income generated and the expenses incurred by the corporation during the tax year.

T2SCH140, *Summary Statement*

If you are submitting supplementary income statements, you will also need to complete and file Schedule 140. This schedule is at the bottom of page 2 of Schedule 125.

T2SCH141, *Notes Checklist*

Schedule 141 is a set of questions designed to determine who prepared the financial statements and the extent of their involvement, and whether they expressed any

reservations. It also identifies the type of information contained in the notes to the financial statements.

Include any notes to the financial statements and the auditor or accountant's report, if they were prepared. You have to include this information even if you are filing your return using tax preparation software.

General information for partnerships

Who can use the GIFI?

All partnerships filing a T5013 *Partnership Information Return* can file using the GIFI.

Reporting negative amounts

You should mark negative amounts using brackets or a minus sign.

Reporting in Canadian funds

Report your financial statement information in Canadian funds even if you are a Canadian branch of a foreign partnership.

When a corporate member of the partnership has elected to report in a functional currency, the partnership has to use the same functional currency when preparing the information slip for this corporate partner.

If a partnership has one member who has elected a functional currency and another who has not elected, or has elected another functional currency, the partnership is required to prepare the T5013 information slips, Statement of Partnership Income, for the partners who made an election under section 261 in their elected functional currency.

Reporting in dollars

Report your financial statement amounts in actual dollars. Do **not** report cents. For example, report cash of $10,500.75 as 10501 under item 1001 – Cash. Do **not** report amounts in thousands or millions of dollars.

Reporting multiple lines of business

You may have multiple lines of business. For information on how to report for such a situation using the GIFI, see Appendix B on page 32.

Inactive partnerships

If your partnership is inactive (you answered **yes** at line 280 of the T5013 FIN), but you have balance sheet or income statement information to report, you can use the GIFI to file this information. An inactive (non-operating) partnership can still have income or expenses in a year. It may pay a monthly service charge to maintain a bank account or it may earn interest or dividends from income-producing assets it held. It may also have received income that was shown as receivable in the previous year.

GIFI schedules for partnerships

Each partnership should include complete financial statement information for the fiscal period of the return using the GIFI schedules for partnerships.

T5013 SCH 100, *Balance Sheet Information*

The T5013 *Partnership Information Return* should include the T5013 Schedule 100 showing the partnership's financial position at the end of the fiscal period.

T5013 SCH 125, *Income Statement Information*

The T5013 *Partnership Information Return* should include the T5013 Schedule 125 showing the income generated and expenses incurred by the partnership during the fiscal period.

T5013 SCH 140, *Summary Statement*

If you are submitting supplementary income statements, you will also need to complete and file the T5013 Schedule 140. This schedule is at the bottom of page 2 of the T5013 Schedule 125.

T5013 SCH 141, *Financial Statement Notes Checklist*

The T5013 Schedule 141 has questions designed to determine who prepared the financial statements and the extent of their involvement, and to identify the type of information contained in the notes to the financial statements. If the notes were prepared, include them as well as the auditor or accountant's report to the financial statements unless you are filing a T5013 *Partnership Information Return* electronically. If you are filing electronically, do **not** send the paper copy of the notes to your tax centre. If we need the notes to the financial statements, we will ask for them.

Using the GIFI

1. Select the items usually reported on your balance sheet from items in the 1000 to 3849 range.
2. Select the items usually reported on your income statement from items in the 7000 to 9970 range.

   Note
   Items 9370 to 9899 relate specifically to farming income and expenses.
3. Select the items usually reported in your extraordinary items and income taxes from items in the 9975 to 9999 range.

Validity check items

The GIFI information has to balance. We use the following rules to check the information you provide:

- total assets = total liabilities + total equity (partners' capital for partnerships)
- total revenue – total expenses = net non-farming income

- total farm revenue – total farm expenses = net farm income

You have to provide certain line items so that we can check the above equations. Each GIFI **must** include:

Balance sheet
Item 2599 – Total assets
Item 3499 – Total liabilities
Item 3620 – Total shareholder equity (corporations only)
or
Item 3575 – Total partners' capital (partnerships only)

Non-farming income and expenses
Item 8299 – Total revenue
Item 9368 – Total expenses

and/or

Farming income and expenses
Item 9659 – Total farm revenue
Item 9898 – Total farm expenses

When reporting a breakdown of retained earnings (corporations only)
Item 3849 – Retained earnings/deficit – End

Extraordinary items and income taxes
Item 9999 – Net income/loss after taxes and extraordinary items

The amount of a required item may be nil. If so, enter "0."

Note
These codes must be included along with all the other GIFI codes needed to represent your balance sheet and income statement in their entirety.

For examples of how to use the GIFI for corporations and partnerships, see page 9.

How to select GIFI items

The GIFI consists of items you find on a balance sheet and on an income statement. The balance sheet section consists of items pertaining to assets, liabilities, and equity for corporations or partners' capital for partnerships. Items specific to retained earnings for corporations are included in this area as well. The income statement section consists of items you find under revenue, cost of sales, and expenses. Due to the specific reporting needs of the agriculture industry, we have provided a separate section for farming revenue and expenses. A section for extraordinary items and income taxes can be found after the farming section. For a complete listing of GIFI items, see Appendix A on page 17.

We have further divided the GIFI into blocks of items within these sections. The item at the start of each block is highlighted. The highlighted item represents the generic term for items within the block. You may not find the item that is an exact, or close, match to the item on your financial statements. If that is the case, use the generic item.

Note
The generic item at the start of each block does **not** represent the total of the items in the block.

Assuming that you will prepare the GIFI from your own financial statements, use the following process when you select GIFI items:

- select an exact match from the GIFI items on your financial statements;
- if you cannot find an exact match, select the most appropriate item; or
- if you cannot find an appropriate item, select the generic item.

Example

8760	**Business taxes, licences, and memberships**
8761	Memberships
8762	Business taxes
8763	Franchise fees
8764	Government fees

If your income statement usually shows an account for "business charges," you could use item 8760 to report this amount.

Reporting an amount that combines two or more items

An amount in your financial statement information may combine two or more GIFI items. To report this amount, determine which item is the greater or greatest amount and choose the most appropriate GIFI item.

Example
Cash and term deposits

If **cash** is the greater amount, report under GIFI item 1001 – Cash.

If **term deposits** is the greater amount, report under GIFI item 1181 – Canadian term deposits.

Example
Rent, taxes, and insurance

You could report this under item 8911 – Real estate rental, under item 8762 – Business taxes, or under item 8690 – Insurance, depending on which amount is the greatest.

Completing the notes checklist

The notes checklist is included with the GIFI in all CRA-approved software packages. Complete the notes checklist when you use the GIFI to report your financial statement information. Parts 1, 2, and 3 must be completed from the perspective of the person, referred to on the form as the "accountant", who prepared or reported on the financial statements. If you are preparing the return, but you are not the accountant referred to above, you must still complete Parts 1, 2, 3, and 4, as applicable. You can see examples of a completed Schedule 141 for a corporation and for a partnership on pages 13 and 15.

Part 1 – Information on the accountant who prepared or reported on the financial statements

Answer these two questions about the accountant who prepared or reported on the financial statements. Indicate whether the accountant has a professional designation and whether the accountant is connected to the corporation or the partnership by ticking either the **yes** or **no** box for each question.

Note
If the accountant does not have a professional designation or is connected to the corporation or the partnership, you do not have to complete Part 2 – Type of Involvement with the financial statements, or Part 3 – Reservations; however, you do have to complete Part 4 – Other Information, as applicable.

Part 2 – Type of involvement with the financial statements

Choose the option that represents the highest level of involvement of the accountant.

Part 3 – Reservations

If you selected option 1 or 2 in Part 2 – Type of involvement with the financial statements, answer question 099, "Has the accountant expressed a reservation?".

Part 4 – Other information

If you have a professional designation and are not the accountant associated with the financial statements in Part 1, tick either option 1 or 2 at line 110.

If you answer **yes** to question 101, answer questions 104 to 107.

If you answer **yes** to question 108 of the T5013 Schedule 141, answer question 109.

If you answer **yes** to question 200, answer questions 210 to 236, as applicable.

If you answer **yes** to question 265, you have to maintain a separate reconciliation.

Notes to the financial statements

You may have prepared notes to the financial statements. If so, include them with the GIFI.

- If you file a T2 return electronically, you have to include the notes with your transmission. Your software package should enable you to transfer the notes to the file you are transmitting, without re-keying.
- If you file your T5013 return electronically, keep your notes in case we ask for them later. If you file a paper T5013 return, include your notes.

Notes
You cannot include tables and graphs in the notes if you are filing a T2 return electronically. You have to convert this type of information to plain text.

Report on the GIFI breakdowns of items such as capital assets or investments shown in the notes.

Example
Your balance sheet shows fixed assets of $31,500, with a breakdown found in the notes.

	Cost	Accumulated amortization	Net amount
Land	$ 10,000		$ 10,000
Buildings	20,000	$ 3,000	17,000
Furniture and fixtures	5,000	500	4,500
Total	$ 35,000	$ 3,500	$ 31,500

Using the GIFI, report the information from the notes as follows:

GIFI Code	Item	Amount
1600	Land	10,000
1680	Buildings	20,000
1681	Accumulated amortization of buildings	(3,000)
1787	Furniture and fixtures	5,000
1788	Accumulated amortization of furniture and fixtures	(500)
2008	Total tangible capital assets	35,000
2009	Total accumulated amortization of tangible capital assets	(3,500)

Examples – Using the GIFI

The following examples represent a typical set of financial statements for a corporation and for a partnership. The first two columns show the item and the amount reported on the financial statement; the third and fourth columns show the corresponding GIFI code and name.

Note
These examples are only a guideline. They are not meant to dictate what to put on your statements or how to file.

9369 Net non-farming income
The amount reported should be equal to the amount reported under item 8299 – Total revenue, minus the amount reported under item 9368 – Total expenses.

Farming Income Statement Information

Cash vs. Accrual

As a farming corporation or partnership, you may choose to report your income using the cash method rather than the accrual method. If you are involved in more than one business activity, only your farming business can use the cash method.

0001 Operating name
Complete this section if your operating name is different from the corporation's name (for example, 111111 Ontario Ltd., operating as Maggie's Muffins).

0002 Description of the operation
You must complete the description of the operation when you are reporting more than one income statement, and the activity is different than the major business activity. For more information on reporting multiple lines of business, see page 32 of this guide.

0003 **Sequence number**
For more than one income statement, use sequence numbers for each statement – number 01 for the income statement relating to the main activity with supplementary income statements numbered consecutively from 02.

9850 Non-farming expenses
If you are not using items 8300 to 9368, use this item to report any non-farming expenses of a farming corporation.

9870 Net inventory adjustment
This item may be used to report the farm's opening inventory less its closing inventory.

Note
If the closing inventory is greater than the opening inventory, this item should be reported as a negative.

9898 Total farm expenses
This item represents the sum of all farm expense amounts including any amount under item 9850 and ***must*** *be reported if there are no amounts under any of items 8300 to 9368 (see "Validity check items" on page 6).*

9899 Net farm income
The amount reported should be equal to the amount reported under item 9659 – Total farm revenue, minus the amount reported under item 9898 – Total farm expenses.

9970 Net income/loss before taxes and extraordinary items
This item represents the sum of item 9369 – Net non-farming income, and item 9899 – Net farm income. For partnerships this item is called **Net income/loss before extraordinary items**.

Extraordinary items and income taxes

9975 Extraordinary item(s)
This item includes gains/losses resulting from events that:

- *are not expected to occur regularly over a period of years;*
- *do not typify normal business activities; and*
- *do not depend primarily on decisions or determinations by management.*

Examples include the expropriation of a corporation's or partnership's land and buildings for a highway, the destruction of a large portion of a wheat crop by a tornado, and an explosion in a nuclear reactor resulting in high-level radioactive emission.

9976 Legal settlements
settlement of royalties

9980 Unrealized gains/losses
unrealized gains/losses resulting from the adjustment of book values on the revaluation of assets

9985 Unusual items
asset valuation adjustments such as write-downs and write-offs to net realizable values, items to be scrapped, and gains/losses from discontinued operations or wind-up of subsidiaries/affiliates – this item represents unusual and non-recurring items that do not meet the criteria set out for extraordinary gains/losses

9990 Current income taxes (corporations only)
Canadian income taxes, federal income/large corporation tax, previous year adjustment to federal income/large corporation tax, and provincial and territorial income taxes

9995 Future (deferred) income tax provision (corporations only)
Canadian income taxes deferred, provision for deferred income taxes, and provision for future income taxes

9998 Total-other comprehensive income
This item is intended for use by corporations and partnerships using either the pre-changeover accounting standards (Part V of the CICA Accounting Handbook) or the International Financial Reporting Standards (IFRS) (Part I of the CICA Accounting Handbook) when preparing their financial statements. It represents the sum of:
Item 7000 – Revaluation surplus
Item 7002 – Defined benefit gains/losses
Item 7004 – Foreign operation translation gains/losses
Item 7006 – Equity instruments gains/losses
Item 7008 – Cash flow hedge effective portion gains/losses
Item 7010 – Income tax relating to components of other comprehensive income
Item 7020 – Miscellaneous other comprehensive income

9999 Net income/loss after taxes and extraordinary items
For partnerships this item is called **Net income/loss after extraordinary items**
This item represents the net amount of:
Item 9970 – Net income/loss before taxes and extraordinary items
Item 9975 – Extraordinary item(s)
Item 9976 – Legal settlements
Item 9980 – Unrealized gains/losses
Item 9985 – Unusual items
Item 9990 – Current income taxes
Item 9995 – Future (deferred) income tax provision
Item 9998 – Total-other comprehensive income
Item 9999 ***must*** *be reported (see "Validity check items" on page 6).*

Appendix B – Reporting multiple lines of business

Some corporations and partnerships, such as those involved in a business that receives income from different sources, choose to file a supplementary income statement for each operation. You can use the GIFI to report the information from the supplementary statements.

You may receive rental income from several properties and may choose to complete a supplementary income statement for each of the properties; or, as a manufacturer, you may also have a retail outlet and choose to submit a supplementary income statement for the retail activity.

Another situation in which you may choose to submit a supplementary income statement is to report amounts broken down in the notes, such as rental loss.

Completing the main and supplementary income statements

- You have to provide an operating name for each statement, except the summary statement (see the last bullet of this section), unless it is the same as the corporation's or partnership's legal name.
- You have to provide a description of the operation if it is different from the main activity.
- Each statement needs a sequence number. The income statement relating to the main activity must have sequence number 01. The supplementary income statements would be numbered consecutively from 02.
- A GIFI item can be reported on more than one statement. See "Using the same GIFI item on different statements" on this page.
- Each statement should report items up to item 9970 – Net income/loss before taxes and extraordinary items. Do **not** report any extraordinary items or income taxes, or net income/loss after taxes and extraordinary items (items 9975 to 9999) on the main or supplementary income statements.

  Note
  The main income statement (Sequence 01) should not include the net amounts for the information that you have included on the supplementary statements. As a result, some total lines and perhaps gross profit will be different from what is shown on the financial statements.
- You have to provide a summary statement that reports the following: the sum of all amounts under item 9970 on each income statement; any amounts reported under items 9975 to 9998 (representing the extraordinary items and income taxes); and the amount under item 9999 (representing net income/loss after taxes and extraordinary items).

Using the same GIFI item on different statements

You can report the same GIFI items, which appear for the main activity, on your supplementary income statements. However, any amount you report on a supplementary income statement should **not** be included in the amount you report on the main income statement for the same item.

Example
A corporation that prepares multiple income statements may choose to report item 8622 – Employer's portion of employee benefits, on each of its statements. The example following this section shows an amount for item 8622 on each of the statements. Note that the amount reported under item 8622 on Sequence 01 (main activity), does not include the amounts reported under tem 8622 on the supplementary income statements.

Example – Multiple lines of business

The following example represents the statements of a corporation whose main activity is manufacturing but is also involved in retail and equipment rental.

Part 1 shows the corporation's main income statement, which includes the net amounts for each of the supplementary income statements.

Part 2 shows how to report this type of information using the GIFI and how to balance your financial information. Note that the CRA would only receive the name, description of operations, and sequence number with the GIFI code and amount.

Online services

Handling business taxes online

Save time using the CRA's online services for businesses. You can:

- authorize a representative, an employee, or a group of employees, who has registered with Represent a Client, for online access to your business accounts;
- request or delete authorization online through Represent a Client, if you are a representative;
- register for online mail, get email notifications, and view your mail online;
- calculate a balance that includes interest calculated to a future date;
- authorize the withdrawal of a pre-determined amount from your bank account;
- transfer payments and immediately view updated balances;
- request additional remittance vouchers;
- enrol for direct deposit, update banking information, and view direct deposit transactions;
- request a refund;
- request copies of notices and statements;
- change addresses;
- view answers to common enquiries, and if needed, submit account related enquiries;
- view closing balances (for example, non-capital loss balances);
- view the status of filed returns;
- view the account balance and instalment balance, including the corresponding transactions (for example, payments); and
- do much more.

To register or log in to our online services, go to:

- **www.cra.gc.ca/mybusinessaccount**, if you are a business owner; or
- **www.cra.gc.ca/representatives**, if you are an authorized representative or employee.

For more information, go to **www.cra.gc.ca/businessonline**.

Receive your CRA mail online

You, or your representative (authorized at a level 2), can choose to receive most of your CRA mail for your business online.

When you or your representative registers for online mail, we will no longer mail most correspondence items. Instead, an email notification will be sent to the email address(es) provided when there is new mail available to view online. To register, select the "Manage online mail" service and follow the easy steps.

Using our online mail service is faster and easier than managing paper correspondence.

Authorizing the withdrawal of a pre-determined amount from your bank account

Pre-authorized debit (PAD) is an online, self-service, payment option. Through this option, you agree to authorize the CRA to withdraw a pre-determined payment from your bank account to pay tax on a specific date or dates. You can set up a PAD agreement using the CRA's secure My Business Account service at **www.cra.gc.ca/mybusinessaccount**. PADs are flexible and managed by you. You can view historical records, modify, cancel, or skip a payment. For more information, go to **www.canada.ca/payments** and select "Pre-authorized debit."

Electronic payments

Make your payment using:

- your financial institution's online or telephone banking services;
- the CRA's My Payment service at **www.cra.gc.ca/mypayment**; or
- pre-authorized debit at **www.cra.gc.ca/mybusinessaccount**.

For more information on all payment options, go to **www.canada.ca/payments**.

Service complaints

You can expect to be treated fairly under clear and established rules, and get a high level of service each time you deal with the Canada Revenue Agency (CRA); see the *Taxpayer Bill of Rights*.

If you are not satisfied with the service you received, try to resolve the matter with the CRA employee you have been dealing with or call the telephone number provided in the CRA's correspondence. If you do not have contact information, go to **www.cra.gc.ca/contact**.

If you still disagree with the way your concerns were addressed, you can ask to discuss the matter with the employee's supervisor.

If you are still not satisfied, you can file a service complaint by filling out Form RC193, *Service-Related Complaint*.

If the CRA has not resolved your service-related complaint, you can submit a complaint with the Office of the Taxpayers' Ombudsman.

For more information, go to **www.cra.gc.ca/complaints** or see booklet RC4420, *Information on CRA – Service Complaints*.

Reprisal complaint

If you believe that you have experienced reprisal, fill out Form RC459, *Reprisal Complaint*.
